

# Calling all Kathorus residents

## MARCH ON THE COUNCIL!

Evictions, cut-offs and attachments have affected more than 38, 000 people in Kathorus. These attacks are violating our human rights. That is why we must stand up and fight.

***We have the right to a decent life, to jobs and to basic services.***

Instead, we are faced with forced payments, forced removals, huge electricity bills, water cut-offs and property attachments.

***We have the right to decent family housing and decent living conditions.***

Instead, we are faced with evictions. We are told we must pay high bills or have our houses taken. We are told we must move our families into smaller houses, "rightsizing"!

**Things are going from bad to worse.  
Electricity, water and houses are being  
privatised.**

- WE SAY NO!**
- 1. NO TO RETRENCHMENTS!**
  - 2. NO TO PRIVATISATION**
  - 3. NO TO ELECTRICITY CUT-OFFS!**
  - 4. NO TO WATER CUT-OFFS!**
  - 5. NO TO EVICTIONS AND ATTACHMENTS!**
  - 6. NO TO RIGHTSIZING!**
